**BENGAL LEGISLATIVE COUNCIL  
DEPARTMENT.**

### NOTIFICATION.

No. 1613 L.C.—26th May, 1933.—The following report of the Sir Zahid Suhrawardy Committee on the Bengal Wakfs Bill, 1932, by Maulvi Abdul Ghani Chowdhury, M.L.C., together with a Bill, as drafted by the Committee, is published for general information. Expressions of opinion by public bodies or by individuals interested in the draft Bill should be sent to the undersigned without delay :—

**Report of the Sir Zahid Suhrawardy Committee on the Bengal Wakfs Bill,  
1932, by Maulvi Abdul Ghani Chowdhury, M.L.C.**

We have been asked to report on the Bengal Wakfs Bill, 1932, introduced in the Bengal Legislative Council by Maulvi Abdul Ghani Chowdhury, M.L.C., and to give it a practical and workable shape.

We have considered carefully the Bill referred to us. In our opinion a detailed criticism of the Bill, as introduced, will only be destructive and will necessitate the framing of a new Bill. We have, therefore, considered it more convenient to draft a Bill, annexed hereto, embodying our criticisms, suggestions and recommendations.

The main points upon which we have differed from the Bill, as introduced, are :—

(1) The first few chapters of the Bill, as introduced, deal with the powers, duties and liabilities of the mutwallis. We are of opinion that they should not be fixed by statute. The Muhammadan Law is full and explicit on these points and it is neither necessary nor desirable to legislate in matters of personal law.

(2) We agree that there should be a Board to control and supervise wakfs but we do not approve of the mode of appointment of the Commissioners as suggested in the member's Bill. We have proposed that the Commissioners should be public officers and as such their appointments should be in the hands of the Government.

The other points on which we have differed from the proposed Bill will appear from the provisions of the Bill which we herewith submit.

The main features of the Draft Bill which we are herewith submitting are the following :—

(1) The Bill drafted by us will apply to all wakfs of which the endowments are within the Presidency of Bengal. We are aware that there are wakfs of which the endowments are partly within the Province and partly outside it but they were created within the Province by a resident of it. Further, it will be easy to evade the Act by including in the wakf a property, however insignificant, situate outside the Province. We should like to include such wakfs also but we doubt if it can be done by Provincial legislation without the help of the Imperial legislature.

(2) The most intricate question with which we have to deal is the applicability of the law to wakfs generally known as wakfs *al-al-aulad* as defined by section 3 of the Mussalman Wakf Validating Act VI of 1913. They are practically family settlements but as they are valid wakfs and may at some time however distant become wakfs for the benefit of the public we have suggested that some of the provisions of the Bill should apply to them and some other provisions which are intended mainly for the control of public institutions should not for the present apply. For instance, we propose that such wakfs should be registered in the office of the Board of Wakfs but may not be required to render periodical accounts as in other cases. As the Board will have to exercise some control over such wakfs as regards alienations and settlements of disputes among beneficiaries, such wakfs should contribute to the general revenue of the Board though such contribution may, at the discretion of the Board, be different from the levy on other wakfs. Our main idea is that there will not be much interference with the internal management of such wakfs but there will be a salutary control over the mutwalli as regards transfer and management. In the case of mixed wakfs we have left it to the discretion of the Board to apply such provisions of the Act as it may think fit according as a substantial portion is dedicated for public charity or for the benefit of the family.

(3) We have added a definition of "movable property" to include Government securities and other paper securities and shares in firms and companies which we think are within the spirit of the definition of movable property under the Muhammadan Law. In this matter we have followed the view of some High Courts other than the Calcutta High Court and the trend of the opinion of the Privy Council expressed in relation to gifts in a modern progressive society.

(4) As regards the constitution of the Board, we propose that its members should be public officers and hold the rank and status of judicial officers in the Provincial Service, as they are to be vested with considerable judicial powers. The right of appointing them, therefore, should accordingly vest in the Local Government for such period and on such terms as they may determine.

(5) We propose that all wakfs should be registered in the office of the Board. We have used the term "enrolment" instead of "registration" in order to distinguish it from registration under the Registration Act. The particulars to be supplied along with an application for enrolment we have borrowed bodily from the Mussalman Wakf Act, XLII of 1923.

(6) As regards the provision for submission of accounts by the mutwalli we have copied it from the Charitable and Religious Trusts Act, XIV of 1920.

(7) We have made a departure from the Bill introduced in the Council in vesting the Board exclusively with full judicial powers in respect of all wakfs and taking away such powers from the civil courts. We have also vested in the Board the powers of the kazi under the Muslim Law in respect of wakfs and have taken away such powers from the ordinary civil courts as no longer necessary. The main reason why the provisions of the Acts of 1863, 1920 and 1923 and of section 92 of the Code of Civil Procedure are not generally availed of is the forbidding expensiveness and delay of litigation of which the public does not venture to take the risk and which gives a sense of security to dishonest mutwallis. We propose to make litigations relating to wakfs cheap and expeditious. In order to save honest mutwallis from vexation and harassment we have given the Board discretion to refuse to take action where it considers it inadvisable in the interest of the wakf. We feel that this special statute should not impinge on the rights under the general law of persons unconnected with the wakf and claiming adversely to it. We have proposed that it will not apply to them.

(8) We have made an important suggestion that in all litigations in Courts and all proceedings before public authorities relating to wakf endowments, an opportunity should be given to the Board to intervene in order to enable it to protect them. We consider such a provision necessary for the protection of endowments from unlawful acts and neglect of mutwallis.

(9) We have suggested the appointment of an official mutwalli. Private persons may want his services to act as mutwalli of their wakfs for better management and preservation. He will also serve the useful purpose of acting as mutwalli by the direction of the Board and under its supervision, of wakfs of which there may be no mutwalli or suitable mutwalli. He will occupy a position in relation to wakfs similar to that of the Official Trustee.

(10) In general, we have endeavoured to supply an agency to enforce the provisions of the Acts of 1920 and 1923 where no action is taken by any one for the preservation of wakfs.

(11) We have endorsed the suggestion in the member's Bill that, if possible, the surplus income derived from wakfs should be utilised for the benefit of the Muslim public.

(12) As to finance, it is desirable that the department of wakfs which will thus be created should be self-supporting and not be a charge on the public revenue. As the aim of the proposed legislation is to protect and preserve the wakfs in the Presidency, many of which undoubtedly are being wasted and mismanaged, we have levied a sort of a tax on such wakfs as will come under the control of the Board to form a fund out of which the expenses of the department will be met. As we have no means to judge what amount will be

necessary for running the department or what amount may be realised from contributions by the wakfs we have tentatively put the maximum contribution at 5 per cent. of the gross annual income. Experience will show what amount of contribution from the wakfs will be adequate to meet the expenses of the Board, and, therefore, we have made the percentage of contribution variable at the suggestions of the Board and the sanction of the Government. Probably in the case of all wakfs a uniform rate may not be appropriate which may differ according to circumstances peculiar to particular wakfs. We see no ground of objection to such contribution which will be considered part of the collection and management charges. We have followed in this respect the Madras Act II of 1927 though the percentage fixed there is much lower in view of the very large number of religious institutions in that Presidency.

**Bills introduced in the Council of State and Legislative Assembly,  
Reports of Select Committees presented to the Council and Assembly  
and Bills published under Rule 18 of the Indian Legislative Rules.**

### GOVERNMENT OF INDIA.

#### Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 24th March, 1933 :—

L. A. BILL No. 17 OF 1933.

*A Bill to repeal the Bengal State-Prisoners Regulation, 1818.*

WHEREAS it is expedient to repeal the Bengal State-Prisoners Regulation, 1818; It is hereby enacted as follows :—

Reg. III of  
1818

Short title.

1. This Act may be called the Bengal State-Prisoners Regulation (Repealing) Act, 19

Repeal.

2. The Bengal State-Prisoners Regulation, 1818 (herein after referred to as the said Regulation), is hereby repealed.

Reg. III of  
1818.

Release of persons and property.

3. All persons detained under the said Regulation shall be released from custody on the passing of this Act, and all estates and property attached heretofore under the said Regulation shall be released from attachment.

### STATEMENT OF OBJECTS AND REASONS.

A Resolution recommending the repeal of Regulation III of 1818 was adopted by the Indian Legislative Assembly on the 20th March, 1924, but the Government has not seen its way to introduce a Bill to repeal the Regulation. When moving the Resolution I clearly stated that I wished to give the Government an opportunity of introducing the Bill. But the Government, instead of repealing the Regulation, has used it in violation of the solemn assurances given on the recommendations of the Repressive Laws Committee that it will be limited to its original purposes and will not be used against British Indian subjects.

In view of these facts, it is desirable that this Regulation should be repealed.

**Bills introduced in the Council of State and Legislative Assembly,  
Reports of Select Committees presented to the Council and Assembly,  
and Bills published under Rule 18 of the Indian Legislative Rules.**

### GOVERNMENT OF INDIA.

#### Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 24th March, 1933 :—

L. A. BILL NO. 18 OF 1933.

*A Bill further to amend the Indian Penal Code and the Code of Criminal Procedure, 1898.*

• WHEREAS it is expedient further to amend the Indian Penal Code, and the Code of Criminal Procedure, 1898, for the purposes hereinafter appearing; It is hereby enacted as follows :—

XLV of  
1860.  
V of 1898.

Short title.

1. This Act may be called the Indian Criminal Law Amendment Act, 193 .

Insertion of a new section in Act XLV of 1860.

Besetting an Industrial Establishment for the recovery of debt.

2. After section 507 of the Indian Penal Code the following new section shall be inserted, namely :—

XLV of  
1860.

“ 507A. Whoever besets or loiters within the precincts of, or near, or within sight of any gate of, an Industrial Establishment for the recovery of debt due from any workman or servant employed in such establishment shall be punished with imprisonment of either description which may extend to one year or with fine or with both.”

Amendment of Schedule II of Act V of 1898.

3. In Schedule II to the Code of Criminal Procedure, 1898, after the entry relating to section 507 of the Indian Penal Code the following entry shall be inserted, namely :—

XLV of  
1860.

1	2	3	4	5	6	7	8
“ 507A ..	Besetting an Industrial Establishment for recovery of debt.	Shall arrest without a warrant.	Ditto ..	Ditto ..	Ditto ..	Imprisonment of either description for one year or fine or both.	Ditto.”

## STATEMENT OF OBJECTS AND REASONS.

Among the evils from which industrial workers suffer may be mentioned the method of recovering debt by the use of intimidation and even violence, adopted by many money-lenders. Instead of taking any legal proceedings for the recovery of the debts they use their lathi and several times beset the industrial establishment by waiting outside the factory-gate on pay-day awaiting to pounce on their debtors as they emerge. The object of their waiting outside the factory is to ensure that their claims form the first charge on the workers' wages. Some of the employers even permit the money-lender to enter the factory compound and to collect his dues before the workers' wages reach their hands. This question was fully enquired into by the Royal Commission on Indian Labour. The Commission have expressed their views on this question as follows : —

“ The preceding paragraphs have dealt mainly with the money-lender who threatens his victim with legal proceedings and, more rarely, drives him into Court. There are, however, many money-lenders who prey upon workers and depend upon the threat of violence rather than of the processes of the law. The lathi is the only Court to which they appeal, and they may be seen waiting outside the factory-gate on pay-day ready to pounce on their debtors as they emerge. Our recommendations should not be ineffective even in their case, for they are as a rule fairly scrupulous even in using intimidation, and seldom employ it to exact more than the law allows. But stronger measures are justified, particularly as the object of waiting outside the factory is to ensure that their claims form the first charge on wages. We recommend, therefore, that besetting an industrial establishment for the recovery of debts be made a criminal and cognisable offence. Besetting might be defined as loitering within the precincts or near or within sight of any gate or outlet of the establishment. This should go far to cripple the activities of a class of money-lender already generally regarded as a pest to society. It should also bring to an end the still more deplorable practice of some employers who permit the money-lender to enter the factory compound and to collect his dues before the workers' wages reach their hands.”

The ordinary Criminal Law does not contain any provision making such besetting an offence. It is, therefore, necessary to amend the Criminal Law by adding a new section to the Penal Code declaring besetting or loitering within the precincts or near or within sight of any gate or outlet of an establishment, an offence. The consequential amendment by adding new entries to the Second Schedule to the Criminal Procedure Code making this offence a cognisable one becomes necessary. The Bill is intended to give effect to the recommendations of the Royal Commission on Indian Labour.

**BOARD OF REVENUE, BENGAL.****NOTIFICATIONS**

No. 7112C.P.—8th June 1933.—In exercise of the power conferred by section 39 of the Bengal Public Demands Recovery Act (III of 1913), the Board of Revenue, Bengal, with the previous sanction of Government, is pleased to make the following amendments to rules 13, 14, 45, 46 (7) and 48 of Schedule II of the Act relating to the attachment and sale of movable property of certificate-debtors.

13. **Application for attachment of movable property in the possession of the certificate-debtor.**—At the time of making an application for the attachment of movable property in the possession of the certificate-debtor, the certificate-holder shall declare whether the property is above or below forty rupees in value. If the property is declared to be above forty rupees in value, the certificate-holder shall

pay the costs of issuing the proclamation of sale. If, however, the value of the property, having been declared to be forty rupees or under, should be found as determined by rule 14 to exceed forty rupees, the certificate-holder shall pay the costs of issuing the proclamation of sale immediately on receipt of notice of attachment.

14. **Procedure for the attachment of movable property when its value is up to Rs. 40 or above.**—When the attaching officer believes that the property attached does not exceed forty rupees in value, he shall inform the debtor or, in his absence, any present adult member of his family, that it will be sold by public auction at once without the issue of any proclamation. In case the certificate-holder or the certificate-debtor, or any person on his behalf, objects to this, the attaching officer shall convoke a panchayat of not less than three respectable adult male inhabitants of the neighbourhood, of whom ordinarily the headman of the village should be one, and shall require them to assess the value of the property. If they determine that it exceeds forty rupees in value, he shall deal with it according to the rules for the sale of movable property exceeding forty rupees in value, otherwise he shall forthwith proceed to sell it by auction, after giving such reasonable notice as the circumstances of the case admit of to intending purchasers.

45. **Sale of movable property falling under rule 15 or of value not exceeding Rs. 40 or of greater value.**—Sales of property under the proviso to rule 15 and of movable property not exceeding forty rupees in value, shall be held on the spot. Such sales will necessarily be conducted by peons when they are the attaching officers. Sales of movable property of greater value can, under rule 46, take place only after the issue of a proclamation, but they may be held on the spot or at the sadar or subdivisional headquarters, as may seem convenient and conducive to the securing of good prices, provided that the place and time of sale are notified in the proclamation. For such sales officers of higher rank than peons should always be deputed when the value of the property is estimated to exceed fifty rupees and proclamation should be issued. When the value is between forty rupees and fifty rupees, the Collector or Certificate Officer may, by a special order, depute a peon, if he considers it desirable to do so.

46. (1) **Proclamation of sale by public auction.**—Where any immovable property, or any movable property exceeding forty rupees in value, is ordered to be sold by public auction, the Certificate Officer shall cause a proclamation of the intended sale to be made in the language of the Courts of the district.

48. Save in the case of property of the kind described in the proviso to rule 15, no sale hereunder shall, without the consent in writing of the certificate-debtor, take place until after the expiration of at least thirty days in the case of immovable property or of at least fifteen days in the case of movable property exceeding forty rupees in value, calculated from the date on which a copy of a sale proclamation has been affixed in a conspicuous part of the office of the Certificate Officer.
